# GOLF BAG SELECTOR

## WHICH GOLF BAG IS RIGHT FOR YOU AND YOUR CLIENTS?

Stylish functionality is key when selecting a golf bag. Are you a walker, rider or both? Do you play in all weathers? Answering these type of questions can help determine what bag would suit your and your clients' needs. Golf Bag Selector is designed to help you choose the most appropriate bag by allowing you to compare and prioritise bag features across relevant criteria.

### TROLLEY BAGS

Specifically designed to be carried on a golf buggy or trolley, whether it be a push/pull cart or electric. Trolley bags feature a non-slip base that will keep the bag from sliding off the trolley when moving. So, if you prefer to walk around the course and carry your golf bag it may be worth considering stand bags instead. Embroidered Logo ready.

### STAND BAGS

Golfers prefer stand bags when they are walking on the course. Retractable legs allow the bag to remain upright on turf. Stand bags come with backpack-style shoulder straps that distribute the weight across both shoulders. Embroidered Logo ready.

### WATERPROOF BAGS

Available for screen printed logo application, waterproof bags often tend to be lighter in weight than most ordinary golf bags, due to advancements in technology. The use of innovative materials mean vibrant colours can be used – great if you're looking to stay dry and be more stylish and on the course.

### LOGO APPLICATION

All bags in the corporate range are available to be embroidered and display your brand or company logo. Waterproof bags can be screen printed due to the advancement in materials.
